**NB**

1. Unless otherwise specified, a 6.6m setback from front boundary to wall applies.
2. No allowance has been made for possible variations arising from:  
A) Special Council or other Public Authority requirements.  
B) The discovery of rock, or any unsuitable soil conditions not apparent before the works commence.  
C) Any unsatisfactory site or soil conditions that may not be made apparent by a soil test before the works commence.  
The specifications for footings assume an "M" soil test result unless otherwise specified.
3. Specification does not allow for any earthworks or site preparation.
4. Clear access for all necessary machinery and delivery vehicles is assumed and is the responsibility of the owner. This specification is based on clear site, with no obstacles, tall grass or trees.
5. Any earthworks price is based on site preparation of cutting and filling unless specifically stated otherwise. The price does not cover retaining walls, site drainage, or any special requirements relating to earthworks in Australian Standard A.S 2870.1 or special requirements of the Environmental Act.
6. Specification is based on all survey pegs being in place & Visible.
7. If underground power is applicable, allowance is made for a maximum trench length of 10m. Any extension occasioned by meter positioning or an extra setback will be charged as an extra. Owner to pay for power during construction.
8. No allowance for rain water tank or dual reticulation of water.
9. The Builder reserves the right to change or substitute items in this schedule.
10. This schedule does not form any part of the final contract.

PRICE IS BASED ON HOME BUILD BEING WITHIN A 12KM RADIUS FROM MAREEBA OR ATHERTON. EXTRA SURCHARGE APPLIES IF FURTHER THEN 12KM.
